Dear Mr. Halberstadt,

On behalf of Hockey Canada and the 2015 IIHF World Junior Championship Host Organizing Committee, I would like to take this opportunity to thank the staff at Faster Linen Service for the tremendous support they provided leading up to and during the World Junior Championship. The staff was very helpful in identifying our needs and working with us during the Championship to make adjustments as needed.

No was never an answer from the staff. We were always told that it will be looked after and sure enough it was.

Once again, our sincere appreciation for your support of the 2015 IIHF World Junior Championship and we look forward to working with you in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'B. O'Keefe', is written over a faint, large, light-blue watermark of the word 'Faster'.
